H. Otten marketed his first pick-  
ing of strawberries yesterday.  
The berries this year seem to be  
unusually large.

The members of the McKean  
banquet committees are requested  
to meet at the Commercial Club  
rooms this evening.

E. R. Plummer has about de-  
cided to invest in two lots in the  
south part of town and erect a re-  
sidence thereon this summer.

The prettiest, daintiest, most up-  
to-date stationery conceivable, just  
received at Doolittle's.

North Platte's greatest need to-  
day is a "don't worry" club. Two  
many of its citizens are losing sleep  
over improbable, if not impossible,  
actions of a corporation to which  
the city owes its existence. If  
these citizens will devote as much  
time to speaking a good word for  
the town as they do in bewailing  
their future it would be much bet-  
ter for all.

#### The Iceing Business.

The pessimists who have been  
bemoaning the loss of the Cal-  
ifornia fruit business by the Union  
Pacific do not, as is always the  
case, know what they are talking  
about. The fact is the iceing busi-  
ness at this point for the last  
month was greater than during  
May of last year, and to prove this  
the following official figures are  
submitted:

MAY, 1900.  
No. cars iced.....547  
Pounds of ice used.....1,727,200  
MAY, 1901.  
No. cars iced.....723  
Pounds of ice used.....1,903,400.

If you want those beautiful pic-  
tures that come with the Chicago  
and Denver Sunday papers, let  
Doolittle know always by Thursday  
evening. Those papers go like hot  
cakes.

#### Surprise Their Pastor.

Rev. and Mrs. J. F. Siebert were  
the recipients of a pleasant sur-  
prise party from the Lutheran  
church people last evening. The  
invaders gathered at the Walte-  
math home and proceeded to the  
parsonage in a body, where they  
loudly knocked for admission.  
Though somewhat abashed at the  
well intended invasion, the clerical  
household soon recovered and made  
all welcome. The evening was de-  
voted to informal "visiting," fol-  
lowed by refreshments which the  
ladies of the party had prepared.

#### Annual Meeting.

The annual congregational meet-  
ing of the Lutheran church will be  
held tomorrow evening at the  
church. Rev. Siebert requests us to  
announce his desire to have all  
members present.

A new invoice of the loveliest  
designs imaginable in Decorated  
Crepe Paper, just received at Doc-  
little's.

#### Commencement Exercises.

The commencement exercises of  
the North Platte High School  
which began Sunday morning with  
a baccalaureate sermon to the class  
by Rev. Wimberly and continued  
with class day exercises at the  
opera house last evening, will be  
concluded by graduating exercises  
at the opera house this evening.  
The class of 1901 is composed of  
fourteen bright young men and  
young ladies, five of the former and  
nine of the latter. As a class they  
have been energetic, and if the  
same enthusiasm and perseverance  
is applied to their work—whatever  
it may be—in the future as has  
been devoted to their studies in the  
past we fear not the measure of  
success which will attend them  
through life. While the education  
they have received has fitted them  
for the average non-professional  
vocations of life, few of the class  
will be contented with the knowl-  
edge that the school room has in-  
stilled, but will seek a higher edu-  
cation and thus be better prepared  
to do battle with the stern oppo-  
sition which bars the road to higher  
planes of success. May these young  
ladies and gentlemen be ever  
honest, upright, unselfish and pure,  
so that when the summit has been  
passed and they enter the evening  
of life it may be said of them "they  
lived to bless mankind."

The class day exercises at the  
opera house last evening opened  
with a song by the class, followed  
by a history of the class by Romeyn  
Dillard in which the young man  
interposed considerable wit.  
Mabel Donegan gave statistics of  
the class, the combined weight,  
age, knowledge, etc. Bessie  
McCullough told what the class  
thought of itself, and Jennie Mc-  
Michael gave a short outline of its  
amusements. Frank Fonda ren-  
dered a cornet solo with such per-  
fection as to receive a recall. Why  
the class attended school was  
humorously told by Frank Ottman,  
and he was followed by excellent  
recitations by Hazel Murphy and  
Ralph Dolson. Guy Robinson read  
letters received from each member  
of the class after a lapse of twenty  
years, and if their future life proves  
as successful as the letters pro-  
trayed all will be well. A piano  
duet by Maud Dillon and Blanche  
Warner was so well rendered as to  
deserve and receive an encore.  
Wenifred Beeler read the last will  
and testament of the class in  
which many desirable bequeaths  
were made the class of 1902.

The exercises closed with a song  
by the class.

The attendance was quite large  
and the audience thoroughly en-  
joyed the program. The papers  
were well written and displayed  
considerable originality in thought  
and expression.

The program of graduating exer-  
cises this evening are as follows:  
Invocation, Rev. J. F. Siebert; se-  
lection, male octette; salutatory,  
Blanche Warner; address, Rev.  
George A. Beecher; valedictory,  
Mabel Orr; vocal solo, Mrs. C. F.  
Scharmann; presentation of diplo-  
mas, J. G. Beeler; selection, male  
octette.

An admission fee of twenty-five  
cents will be charged, and the en-  
tire proceeds donated to the fund  
for purchasing a piano for the high  
school. The occasion is one which  
should call forth an audience of  
sufficient size to occupy every seat  
in the house.

It has been said, "Tell me what  
you read and I will tell you what  
you are." It might also be said to  
any lady: "Show me the stationery  
you use and I will tell you what you  
are." The most exquisite new  
stationery always to be found at  
Doolittle's.

## W. F. McGlone.

The average rainfall for the  
month of June, as shown by the  
records of the local weather bureau,  
is 3.16 inches. The heaviest fall  
during any June was in 1883 when  
the total reached 7.49 inches, and  
the least in 1876 when less than  
half an inch fell.

## Railroad Notes.

The first cars of California  
peaches for this season passed east  
yesterday.

The Tie Siding-Laramie cut off  
on the line of the Union Pacific was  
put into regular service at noon  
Sunday.

H. Clausen and J. G. Erickson,  
two brakemen on the extra list,  
left Saturday night for the east to  
look into railroad conditions.

Division Foreman Stewart, who  
was called to Danville, Ill.,  
last Wednesday by the death of an  
uncle, returned home this morning.

General Manager Dickinson and  
other Union Pacific officials spent  
Sunday night in town. With them  
were a number of section foreman  
who with the officials were making  
an inspection of the road-bed and  
track on the Nebraska division.

One hundred and twenty men  
were let out of the Omaha Union  
Pacific shops last Friday by reason  
of slack business. This shows  
pretty conclusively that North  
Platte has not been unfairly dealt  
with in the reduction of the force.

Several of the new big wheeled  
compound passenger engines have  
arrived at Omaha and are being  
broken in on the First district.  
Six of these engines will be sent to  
this division terminal, three to be  
used on the Second district and an  
equal number on the Third.

Don't you know that the more  
you and others trade with your  
home merchants the cheaper they  
can sell you goods and the better  
assortment they can keep for you  
to choose from? Doolittle has the  
best assortment of musical instru-  
ments and sheet music ever kept in  
North Platte and at reasonable  
prices. Do you appreciate the ad-  
vantage of having such a stock in  
town? WE MEAN YOU!

Under the new time-card pass-  
enger trains from the east arrive  
as follows: No. 5 at 6:45 a. m., No.  
1 at 3:40 p. m., No. 101 at 5:15 p.  
m., No. 3 at 12:45 a. m. Going  
east the trains leave as follows: No.  
102 at 7:30 a. m., No. 6 at 8:40 a.  
m., No. 2 at 12:45 p. m. and No. 4  
at 11:35 p. m.

In accordance with orders from  
headquarters a reduction of twenty-  
six men was made in the Union  
Pacific shops at this point Friday  
last, all the departments being  
affected. Several of those dis-  
charged had been in the employ of  
the company for a dozen or more  
years. A ten per cent reduction in  
the force was made at Cheyenne  
and other points in Wyoming.

A number of the young friends  
of Frankie Edwards tendered her a  
surprise party Saturday after-  
noon, and everybody had fun gal-  
lantly.

William Woodhurst, who has  
been confined to his home for sever-  
al weeks on account of bladder  
trouble, is reported somewhat  
better. The disease is chronic  
and cannot be cured.
